

BULL-SHIRTS ARTWORK REQUIREMENTS

Artwork must be submitted at desired size with resolution of 300dpi.

You may send files via: HighTail.com or WeTransfer.com

Adobe Illustrator: Convert all type to “outlines”; include all placed EPS or TIF files in the same directory; Note: the native file format for this version is AI what may require conversion to EPS and, consequently, additional charges may apply; to avoid this charge, save the files as version 13.0 or earlier).

Adobe Photoshop: Files must be saved as TIF, PSD or BMP formats, in RGB mode, at minimum resolution of 300 dpi with print size set at 100%. File MUST be In layers.

Corel Draw: Convert all Type to “curves”, Include all placed tif, eps, or jpg files in the same directory. Save the file in Corel 13 or earlier.

NOTE: YOU CAN NOT convert JPG or BMP images to EPS format, EPS can be saved only in the program that the file was created in (corel draw, adobe Illustrator, Macromedia Freehand).

Attention: We use PC’s for all the artworks. any artwork created on different operating systems must be converted to **EPS, TIF** or **PSD** format before submitted (we cannot perform this conversion). We **DO NOT** accept computer generated artwork in MS Word, MS Office, MS Publisher, PowerPoint unless we are re-creating the art for our standard fee of \$65.00 per hour.

In order to avoid artwork charges your artwork MUST be separated (with pantone colors specified) registration marks, with white underbase and White highlight if needed at the actual size you want us to print.

PLEASE MAKE SURE YOU SUBMIT ALL THE PANTONE COLORS USED ON THE FILE. WE’LL TRY TO MATCH THE CLOSEST TO THE ARTWORK IF IT’S NOT SPECIFIED.

***PANTONE COLOR MATCHING REQUIRES EXTRA CHARGE**

If you have any questions please contact your sales person or email us at art@bull-shirts.com
